Dear Registrant:

Thank you for registering for the upcoming FREE, live educational webcast, *Understanding Ulcerative Colitis*. This webcast is presented by the Crohn’s & Colitis Foundation of America, and is co-sponsored with the American Gastroenterological Association Institute.

To join this educational webcast, please log in 10 minutes prior to the start time.

**Log-in:** [https://www.webcaster4.com/Webcast/Page/682/5591](https://www.webcaster4.com/Webcast/Page/682/5591)

Logging in early helps to ensure that all participants are connected in a timely manner. You will be able to hear the audio and see the program slides through the computer. You will also be able to ask questions through the computer during the interactive question-and-answer session.

*Included in this PDF you will find the following information:*

- Webcast agenda
- Speaker biography
- Resources from the Crohn’s & Colitis Foundation of America and the AGA Institute

For more information about the Crohn’s & Colitis Foundation of America, please visit [www.ccfa.org](http://www.ccfa.org) or call the IBD Help Center at 888.MY.GUT.PAIN (888.694.8872).

The AGA Institute offers helpful educational resources for patients. To learn more about the Patient Center, please visit [http://www.gastro.org/patient-center](http://www.gastro.org/patient-center).

Thank you again for your interest in this exciting educational program!
WEBCAST AGENDA

UNDERSTANDING Ulcerative Colitis

THURSDAY, OCTOBER 23, 2014

7:50 PM – 8:00 PM ET  Participants join the program
Log in: https://www.webcaster4.com/Webcast/Page/682/5591

8:00 PM – 8:05 PM ET  Program Overview

8:05 PM – 8:45 PM ET  Presentation
Millie D. Long, MD, MPH
Assistant Professor of Medicine
Division of Gastroenterology and Hepatology
University of North Carolina School of Medicine
Chapel Hill, NC

8:45 PM – 9:10 PM ET  Question-and-Answer Session

9:10 PM – 9:15 PM ET  Summary and Conclusion
Millie D. Long, MD, MPH, earned her doctor of medicine degree at the University of Virginia, where she was a Bowman Scholar. She completed a residency and chief residency in internal medicine at the University of Alabama at Birmingham. She then completed a gastroenterology fellowship at University of North Carolina at Chapel Hill. While at University of North Carolina, she also completed a fellowship in preventive medicine and a masters of public health in epidemiology at the Gillings School of Public Health. She is board certified in internal medicine, preventive medicine and gastroenterology. She is currently an Assistant Professor of Medicine in the Department of Medicine and Associate Course Director for the clinical epidemiology course at the School of Medicine. Her clinical practice is based at the University of North Carolina Inflammatory Bowel Diseases Center.

Dr. Long’s clinical interests include research on prevention of complications of inflammatory bowel disease, women’s health and teaching clinical epidemiology. She is currently funded by a career development award from the Crohn’s & Colitis Foundation of America. Dr. Long has contributed numerous peer-reviewed publications, book chapters, and review articles to the medical literature. She currently serves as an invited reviewer for journals such as Inflammatory Bowel Diseases, Gastroenterology, American Journal of Gastroenterology, and Digestive Diseases and Sciences.

Dr. Long is a member of the American College of Gastroenterology, where she serves on the Research Committee. She is also a member of the American Gastroenterological Association and the Crohn’s & Colitis Foundation of America, where she serves on the Professional Education Committee.
